

Full-time Software Testers (2)

JOB DESCRIPTION

We are looking for an experienced and passionate Software Tester to join our team. As a Software Tester at our company, you will have the opportunity to work on new and exciting projects and develop your career.

(Duties & responsibilities)

- Analyzing users stories and/use cases/requirements for validity and feasibility
- Collaborate closely with other team members and departments
- Execute all levels of testing (System, Integration, and Regression)
- Design and develop automation scripts when needed
- Detect and track software defects and inconsistencies
- Apply quality engineering principals throughout the Agile product lifecycle
- Provide support and documentation

Requirements

- Java
- Kubernetes & Docker
- Jira & Confluence
- GitHub
- Testing (Manual into Automated)
- Continuous Integration / Delivery (CI / CD Pipeline)
- Azure
- Agile
- 4+ years of experience as a Software Tester or similar role
- Ability to handle multiple tasks simultaneously
- 4+ years of experience in data analysis
- Critical thinker and problem-solving skills
- Team player
- Great interpersonal and communication skills

YOUR QUALIFICATION:

- A Bachelor' s degree in Computer Science or relevant
- Fluent in English
- German language preferable but not a must
- Minimum 4 years of work experience

THIS IS WHAT WE OFFER YOU:

- Employment contract for an indefinite duration
- Long-term perspective for your professional career in a future-oriented company
- High level of autonomy and decision-making freedom with very flat hierarchies
- The opportunity to actively shape the development of our company and thus also your career
- Continuous training and interesting career opportunities

Please send us your complete **CV using the Evonem template** (which you can download on our website <http://evonem.com/career/>) stating your earliest possible starting date, to blerta.hoti@evonem.com.
